

## **Augmented Visitor Regulations of the Haus der Geschichte Foundation of the Federal Republic of Germany**

### **COVID-19 prevention measures and practical information**

Taking into account the restrictions that have been placed on public life, it is our priority to make your visit to the museum as comfortable as possible. We will regulate the number of visitors entering the museum and the exhibitions in accordance with current guidelines so that we can assure social distancing. We will not be offering guided visits through the exhibition until further notice. Certain areas in the exhibition will not be accessible due to hygienic precautions.

#### **Please follow these measures in order to protect yourself and others:**

- Visitors are required to wear a face mask covering both mouth and nose.
- Please maintain a distance of 1,5 meters (6 feet) between yourself and others. Social distancing applies throughout your visit: at entries and exits, in the foyer, at the information desk, in the exhibition, in the restrooms as well as the museum shop.
- Adhere to the designated one-way path.
- Please avoid unnecessary close, personal contact, such as interactions with the museum guards.
- Follow the hygiene measure posted on the information signs.
